

Mastering Supervision

Moving From Effective to Excellent

Informational Webinar

Presenter & Faculty: Jeanne Supin MA

Additional Faculty: Jake Bowling MSW, Nick Szubiak MSW LCSW

March 4, 2015

*Do you sometimes struggle
with the **people part** of
supervision?*

You're not alone!

The “**people part**” is people’s most common challenge

- Maybe you’ve moved from being a team member to your team’s supervisor and you feel awkward?
- Maybe your organization is hiring more peers and you’re uncertain how to best supervise?
- Maybe you lose your nerve or confidence when there’s conflict?

Mastering Supervision is For You if You Supervise...

- Therapeutic support staff
- Peer / lived-experience specialists
- Behavioral health workers
- Other new members of the behavioral health workforce

Our Purpose

- **Learn** the most current and relevant supervision tools for behavioral health workers.
- **Practice, strengthen and grow** your supervisory skills.
- **Network and create** supportive relationships with other supervisors from around the country.
- **Build** your confidence.

Training Agenda

- Your vital role
- Strengths-based supervision
- Supervision best practices:
 - Clinical and administrative
 - Clear and high expectations
 - Direction
 - Support
- Advocating for your staff and culture change

What to Expect
